ORDER

In the letter 4th read above, the Engineer-in-Chief (Irrigation), Water Resources Department, has furnished a detailed proposal based on the report of the Chief Engineer(P), Kurnool and recommended the proposal to Government to accord permission to CMLR Workshop/ Kurnool South Central Railway located at Panchalingala (V) of Kurnool (M) and District, for drawl of 3 Lakhs Litres or 0.010547 Mcft of water per Day for Consumptive use for a period of 10 years, from the proposed well in the Tungabhadra River subjected to the following terms and conditions:

1. The water can be spared subject to the availability of water in the Tungabhadra River.
2. The firm should take water to the plant from the well proposed at northern bank of Tungabhadra River at their own cost and necessary arrangements including civil works at their cost. No structure /civil work will be constructed in the river bed area without approval of the Chief Engineer and the work is to be executed as per the norms and guidelines of Water Resources Department as per approved drawings.
3. The entire cost of constructing the proposed well, laying pipeline, cost of CM & CD works and installation of electric pump set etc., will be taken up at their cost.
4. Water meter or suitable measuring device should be installed by the beneficiary to measure the water consumed and should be made available to the Executive Engineer in charge or his authorized representative at all times of inspection.
5. The firm should pay water charges as fixed by the Government and is payable every month against the bills raised by the Department. This water charge is subject to revision by Government from time to time. In case of failure to pay water rate/royalty, the permissions to draw water shall stands cancelled.
6. No field bodhi or pipe line should be taken through along with Government land without prior approval of the Government and if

permission accorded by the Government, the lease should be paid as fixed by Government only.

7. The prior concurrence of R&B and PR&RD Dept., should be obtained by the firm for laying of pipelines if they cross the roads etc., wherever necessary.
8. The firm should make their own arrangements to dispose the treated effluents as per the norms of A.P. Pollution Control Board in their premises only and should obtain prior permission if any needed from Government to dispose treated effluents in their natural sources. Necessary clearance from the A.P. Pollution Control Board is to be obtained in this regard by the CMLR Work shop before drawl of water from the source.
9. The Water Resources Department reserves the right for cancellation of the permission without assigning any reasons thereof.
10. The Water Resources Department is no way responsible for non-supply of water due to any reasons.
11. The firm must acquire the private land for installation of pumping arrangements. If the firm proposes to utilize Government land for installation of pump house, necessary permissions is to be obtained from the Government for leasing the land and the lease amount fixed is to be paid by the firm.
12. The firm should make their own arrangements for supplementing water during the Non Monsoon period of river or when the flow is lower in the river or while taking up the repairs etc., at their own cost.
13. The firm must strengthen the river margin 100 m from the toe to the River Flood Bank.
14. The firm has to lay CC (1:4:8) before laying the pipeline and CC (1:2:4) over the pipeline, refill the pipeline with proper soils and consolidate the banks as directed by the Department.
15. The firm has to construct CC walls to avoid leakage at pipeline crossing.
16. The water drawn from the Tungabhadra River should be utilized for the purpose for which the permission is granted.
17. The firm should follow the Revenue Board Standing Orders.
18. The firm shall pay security deposit at 5% on 10 years water charges for which permission is granted.
19. The firm shall pay one year water charges as advance and any amount due to the Department before entering into agreement and to conclude agreement with the Officers concerned of Water Resources Department.
20. The firm should make its own arrangements for summer storage in their premises only and to conclude agreements accordingly.
21. The firm shall abide by R.C.Act-1884 and any other condition laid down by the Government/ Department from time to time.
22. The firm has to pay the water charges for the estimated quantity in advance at the start of the financial year i.e. before 10 th April every year as per BSO.
23. Under any circumstances, the consumptive utilization should not exceed the quantum of water allotted by the Government.
24. The proposed drawl for this plant should not affect Lower Riparian Rights (LRR) and Upper Riparian Rights (URR) in any manner. The permission does not confer any riparian right to the firm.
25. The question of extension of drawl of water from T.B. River after the stipulation period of 10 years will be considered before expiry of the period, subject to availability of water and fulfilment of the conditions by the firm.
26. No cross bund shall be constructed across the river.
27. Pumping should be done from a well constructed in the lands of the company authorities connected to the Irrigation by means of pipes/by open channels or any other Medium works.
28. Violation of any conditions mentioned above shall entail cancellation of permission granted for drawl of water without any notice.

29. In case Government proposes any new project on T.B. River affecting the proposed well, the present permission stands cancelled automatically.
30. The Department is no way responsible for any damages that may occur to the off take point due to floods in Tungabhadra River or on an account of any other reasons.
31. The Firm has to produce the relevant records for Departmental verification at the end of each quarter periodically.
32. The concerned Executive Engineer will be responsible for enforcing the conditions.
33. The firm has to obtain separate permission duly enclosing the drawings of pipe lines and lease amounts to be paid for the Government Land to be leased as per the prevailing norms.

2. After careful examination of the matter, Government hereby accord permission to CMLR Workshop/ Kurnool South Central Railway located at Panchalingala (V) of Kurnool (M) and District, for the drawl of 3 Lakhs Litres or 0.010547 Mcft of water per Day for Consumptive use from the proposed well in the Tungabhadra River for a period of 10 years, subject to the terms & conditions as mentioned at above para.

3. The Engineer-in-Chief (Irrigation), Water Resources Department, the Chief Engineer(P), Kurnool and the Collector & District Magistrate of Kurnool District shall take necessary action accordingly.
